POLICY LOAN

Policy loan is available once policy acquires surrender value. Maximum loan amount available is 90% of the surrender value acquired under the Policy. Interest will be charged on the outstanding loan amount at a rate declared by the Company from time to time based on then prevailing market conditions and will be equal to State Bank of India ("SBI") Base Rate (minimum rate at which SBI lends) + 1.75% p.a. The current rate of interest on policy loan is 11.05% per annum. The interest rate methodology is reviewable with prior approval from IRDAI. If the interest rate is revised, the same interest rate will be applied to both existing and new loan from the date of revision. Company will notify you when your outstanding loan balance is 98% of the surrender value and you can repay all or part of the loan balance. If at any point of time outstanding policy loan balance equals or exceeds surrender value, then the policy shall be terminated without value.
