Description of the product

This is a one year renewable group life term Insurance plan designed to provide financial security to the family of the members under the group policy. The Group is insured against any unfortunate event such as death and/or terminal illness. The plan provides the Master Policyholder the option to choose from one of the following options:

- **Option I: Death benefit**
- **Option II: Death benefit with terminal illness**

Where "**Terminal Illness**" is defined as any condition from which a Insured member is suffering which in the opinion of two Registered Medical Practitioners specializing in the relevant field of medicine and appointed by the Company, is likely to lead to death / loss of life within six months.

Under this plan, for both the options, the sum assured is payable in the event of death. Option II will not be available to Spouse Lives.

Under option II, in the event of occurrence of terminal illness (as defined above) of the Life Insured the Sum Assured subject to a maximum of ₹ 50,00,000 will be paid.
